Looking for a fresh start? This is the program for you.

We provide services based on the need of our clients and will work together with them to complete personal goals identified during their engagement with our program. It is our hope that through this program we are able to propel our clients into a successful future as well as combat the many barriers our community faces (such as gun violence, substance abuse and addiction to name a couple) on a day to day basis, in hopes to give our communities a better chance at becoming more stable and vibrant.

We currently offer morning and evening weekly classes in the five major subjects (Math, Science, Social Studies, reading and writing) to assist in preparation for the HiSET Exam.

The Opportunity Employment Program serves out of school youth ages 16 to 24 pursuing HiSET completion.
